geneO + Advanced Facials |Pollogen

OxyGeneo Facial (4in1) Incl. Ultrasound (45mins)

OxyGeneo is a new concept in facial care that harnesses the body's own natural mechanisms for a revitalized skin and a balanced complexion. OxyGeneo gently exfoliates the skin surface and active ingredients are introduced to treat various skin conditions. The treatments result in smoother and revitalized skin, with immediate and long-term effects.

Single £55 | Course of 3 £150 | Course of 6 £270 (SAVE £50)

geneO + Super Facial (6in1) with TriPollar RF & Ultrasound (75mins)

GeneO + is the only device on the market offering a unique combination of advanced technologies, Tripolar Radio Frequency, OxyGeneo and Ultrasound, that work both on the outside and the inside of the skin, delivering superior skin nourishment and oxygenation together with clinically proven anti-aging results. The focused TriPollar RF – due to its high density- enables the use of low energy, providing immediate and long lasting results. The deep heating that takes place encourages the production of new collagen and elastin, resulting in tighter and smoother skin.

Single £85 | Course of 3 £234 | Course of 6 £420 (SAVE £90)

geneO + TriPollar RF (30mins)

As we age, gravity and environmental factors pull the skin and muscles downwards and the skin does not produce as much collagen and elastin as before. Using our non-invasive TriPollar radio-frequency energy (RF Face Lift), allows us quickly, effectively, and painlessly regenerate the production of collagen and restore elasticity and plumpness to the skin. Results are visible from the first treatment, and after undergoing a series of treatments the skin will look and feel tighter and smoother.

Single £60 | Course of 6 £300 (SAVE £60)

*GeneO + treatment is done on face & neck; chest area and hands can be also treated at additional cost or as separate treatment.

Dermafrac Micro Infusion | Genesis

DermaFrac is the perfect treatment, which has instant results, with no downtime leaving the skin radiant, healthy, and younger looking. In addition to micro needling, the treatment combines other rejuvenating technologies to provide direct infusion of powerful serums and collagen stimulation.

DermaFrac Treatment is used to target many skin concerns including:
Ageing Skin | Fine Lines & Wrinkles | Pigmentation | Open Pores | Mild Acne Scarring to d

0,25mm | Single £65 | Course of 3 £175 | Course of 6 £330 (SAVE £60)

0,5mm | Single £75 | Course of 3 £200 | Course of 6 £380 (SAVE £60)

*Growth Factor serum is available at additional cost £15.

Mesoesthetic Global Eyecon | Eye Treatment

A professional treatment with global action for the eye area: it corrects wrinkles, under-eye bags and circles, sagging and pigmentation in the periocular area. Combining peel sessions with transepidermal sessions for a more potent and effective solution of fighting signs of aging and fatigue in the eye contour.

The Ultimate Age Reversal Programme for Eye Area in 6 weeks

3 Peels | 3 Transepidermal Sessions | Alternate | Weekly

Single £75 | Course of 6 £390 (SAVE £60)

*Single Treatment is designed for monthly maintenance post Global Eyecon Course

EDS Dermastamp Professional Skin Needling

EDS Rejuvenation is an advanced micro skin needling treatment, a procedure that stimulates the skin to regenerate and repair itself naturally, resulting in smoother, brighter, younger, and healthier looking skin.

EDS Dermastamp Treatment is used to target many skin concerns including: Acne Scars | Sun Damage | Ageing Skin | Stretch Marks | Lines & Wrinkles

MESOESTEHTIC COSMELAN – Depigmentation Treatment

A Cosmelan depigmentation treatment is most effective in reducing the appearance of pigmented and uneven skin tone resulting from Melasma, acne scarring and other skin pigmentation.

£650 SAVE £175 (~~£825~~) | Depigmentation Treatment (incl. Skin Preparation Kit Worth £149 & 1ST month home care)

illumiFacial® Complete Rejuvenation Photofacial

IllumiFacial is the “next generation” of the highly successful “Photofacial”, using a new unique combination of specialist Lynton skincare combined with our powerful, medical-grade skin rejuvenation machine Excelight. Naturally brighten the skin with an illumiFacial® treatment which can stimulate collagen, reduce general redness, rid thread veins, clear sunspots & sun damage. All resulting in fresh, illuminated & flawless looking ‘airbrushed’ skin.

STEP 1. Tri- acid Peel – to remove dead skin which enhances the IPL effectiveness.

STEP 2. IPL Photo Facial – helps boosting collagen to rejuvenate, improve skin tone, texture, and reduce signs of ageing.

STEP 3. IPL Vascular & Pigmentation Removal or Acne Reduction – to eliminate skin imperfections such sun damage, thread veins, redness, or acne breakouts to create a more even, flawless, youthful skin tone.

OUR POLICY

Prebooked Appointments Only:

In the new light of current situation all appointments will be conducted in line with the UK government's social distancing measures and fully compliant with all PPE guidance from Public Health & Safety England. Clients will be seen by pre-booked appointments only. Please come alone for your treatment.

Patch Test:

Patch Test is required 7 days prior to laser treatments, to determine the treatment parameters and to judge how your skin might react to a full treatment.

Cancellation:

To cancel or change an appointment, we require 24 hours' notice, or your deposit will be lost. Missed appointments may be charged in full. Our Treatment Courses are non-refundable once purchase.

*Treatment Special Packages/Discounts are subject to Terms & Conditions.

** No Refunds given on any treatments.

(Price List is subject to change at owner's discretion)
